

TRANSPREAD 'Farmspread' 300

300 WIDE CHAIN SPREADER

A low cost spreader for the average farmer

The ideal economy unit for the average farm.

- 2 speed gear box
- Twin Spinner
- Steel or Stainless
- Light weight
- Flotation Tyres
- Single or Tandem

The 2 speed gear box gives a wide range of spreading rates from to lime.

This is done by simply shifting the gear change, no extra sprockets, chains etc.

This is the ideal unit for the average size farm, giving long life and trouble free operation. With Transpread's ongoing testing program, we maintain the performance and flexibility of these machines.

Low maintenance direct drive spinners.

Model Range

- 2.75 Tonne Low 2.4 long
- 3.50 Tonne Low 3.00 long
- 4.00 Tonne Medium 2.4 long
- 5.00 Tonne Medium 3.00 long
